

PRECIP

HYDRATION & INFILTRATION

**NON-PLANT FOOD INGREDIENTS
CONTAINS NON-PLANT FOOD INGREDIENTS**

ACTIVE INGREDIENTS:

90% Ethylene oxide-propylene oxide copolymer

INERT INGREDIENTS:

10% water and ethoxylated alcohols

100% TOTAL

**KEEP OUT OF REACH OF CHILDREN
WARNING**

PRECAUTIONARY STATEMENTS

Harmful if swallowed. Causes skin irritation and serious eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Wash protective equipment and work clothes thoroughly after handling. Do not eat, drink or smoke when using this product. Wear personal protective equipment. Specific treatment is given in the First Aid section on this label or on the SDS. Dispose of contents/container to disposal plant in accordance with federal, state and local regulations.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators or handlers of this product must wear: long-sleeved shirt, long pants, socks, shoes, and protective eyewear. Consult the SDS for further information.

FIRST AID

If Swallowed: Call a POISON CENTER/doctor or Chemtrec if person feels unwell. Rinse mouth. Have person sip a glass of water if able to swallow. Do NOT induce vomiting, unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

If On Skin: Wash affected area with plenty of soap and water. Use tepid water if available. If skin irritation occurs: Get medical advice or attention. Treat Symptomatically. Take off contaminated clothing and wash it before reuse.

If Inhaled: Move person to fresh air. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration.

GENERAL INFORMATION

PRECIP is formulated to address hydrophobicity and water acceptance in soils during drought periods. PRECIP increases the infiltration of water into the soil and improves the length of hydration. PRECIP should be applied as a preventative water management strategy.

PRECIP IS DESIGNED FOR USE ON GOLF COURSES,
ATHLETIC FIELDS AND RESIDENTIAL OR COMMERCIAL

TURF, UNDER THE SUPERVISION OF GOLF COURSE SUPERINTENDENTS, SPORTS TURF MANAGERS OR PROFESSIONAL LANDSCAPE CONTRACTORS.

DIRECTIONS FOR USE

To improve performance and avoid the risk of temporary leaf tip discoloration caused by certain environmental conditions that may exist at application, apply PRECIP using the application techniques described below.

APPLICATION TECHNIQUES

Directly following application, irrigate with enough water to move PRECIP into the root zone at the desired depth of performance.

Apply PRECIP directly before rain or during rain if irrigation is not available.

USE RATES

Spray Application

Apply PRECIP at a rate of 4 ounces (119 ml) in a minimum of 1 gallon (3.79 L) of water per 1,000 ft² (92.9 m²).

Apply PRECIP at a rate of 175 ounces (5.2 L) in a minimum of 44 gallons (167 L) of water per acre (0.40 ha).

Irrigation Injection

Inject PRECIP at a rate of 32 ounces (1 L) per acre (0.40 ha).

Seeding and Sprigging

Apply PRECIP at a rate of 4 ounces (119 ml) in a minimum of 1 gallon (3.79 L) of water per 1,000 ft² (92.9 m²) after seeding or sprigging. Irrigate directly after application with a volume of water to sufficiently wet the seeded surface to a 1/2-inch (13 mm) depth. Volume of water needed may vary with soil type.

TANK MIXING

Unless prior experience has proven the combination to be effective, compatible and safe on the desired turf species, it is not recommended that PRECIP be tank mixed with other pesticides, fertilizers, micronutrients, bio-stimulants or other such products.

STORAGE AND DISPOSAL

Protect product from freezing. If product freezes, warm to room temperature before use. Store in original container only and do not reuse empty container. Rinse container thoroughly, disposing of rinsate and the container in accordance with federal, state and local regulations. Do not store near heat or open flame.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
